Chapter 1

DEMO FIXTURE - NOT AI GENERATED

A repeatable publishing checklist for an independent educational creator: practical section

Start by writing the current problem in one sentence. List the information you already have and the gaps that need checking. Choose the smallest useful action, complete it, and record the result.

Exercise

Write a three-item checklist: what to prepare, what to do, and how to check the outcome. Try it once, note what was unclear, and revise it.

Review

Can another reader follow the steps without guessing? What evidence would change your recommendation? This fixture is not a market-researched product and must not be sold.
